Coming soon â?? A hilarious cozy mystery with modern twists, caffeinated witches and quirky pets. Solve the puzzles, and follow the clues to help Keira solve the case of missing Diva poodle.

Keira Wilde and the Poodle Thief

After quitting her vet practice, Keira Wilde didnâ??t expect to get leashed into solving a crime about a missing poodle, but somehow this witch- turned-sleuth uses vet logic, unpredictable magic and her sleuthing squad of misfits to follow the crumbs to meet excentric townfolk, attend a magical tournament and then to the last place sheâ??d ever think to look. For this impulsive witch, running heart-first into danger leads to sketchy pet dealers, a shady vet, and someone she thought was dead. With her goofy sidekick Kennyâ??s chaotic helpâ??and the *unsolicited* interference of her witch mother **Soza** and Sozaâ??s sarcastic cat familiar **Scornelius**â??Keira must use both science and sorcery to uncover whoâ??s stealing magical petsâ?| and why the trail keeps pointing back to someone in her own town.

- No gory murders to make your stomach churn
- No sickly sweet romance
- No eye-shutting nudity
